

Argent

Introduction

Argent gauges have black graphics on a silver background with a pointer with a black hub and fade resistant acrylic orange staff. Pointer is internally illuminated for excellent night visibility. Dial graphics light red when illuminated and scratch resistant glass lens with fog-resistant design and polished stainless steel bezel.

A comprehensive family of instruments for outboards, stern drives and inboards, including diesels!

Key Features

- Scratch-resistant domed glass lenses
- US and metric scales with ISO symbols
- Optional add-on eyebrow bezels
- Low profile, stainless steel bezels follow curvature of the lens, with no "lip" to trap water
- Translucent dial as well as internally illuminated pointer staff, provides the best in visibility
- Available for most outboards, stern drives and diesel engines
- Fog-resistant lenses (complies with SAE j-1810)

Reliability

The heart of the Veethree electrical instrument is the Vector air-core movement. This simple, durable movement was pioneered for the harsh marine and industrial environments.

The Vector movement utilizes a permanent magnet that rotates magnetically in an electrical field. All coil windings and attachments are designed to withstand extremes in vibration, temperature, humidity and salt spray. The electrical studs are tin plated to minimize corrosion in the marine environment.

The magnet/spindle assembly is surrounded by a dampening fluid to reduce pointer bounce, especially those generated by fuel sender float fluctuation.

A temperature compensating resistor is utilized to minimize negative effects of temperature extremes on the gauge.

All coils are placed in an annealed metal bobbin can to prevent the magnetic field generated by an operating gauge from effecting other instruments on the dash such as compasses and other electronic equipment. Additionally this can protects the gauge itself from negative magnetic effects common in wiring harnesses.

Accessories

- Eyebrow Bezel Kits - 2" 69268K, 3" 69269K
- Pitot Speedometer Installation Kit - 1809271
- Outboard Water Pressure Gauge Installation Kit - 62023
- GPS Speedometer Receiver - 68969
- O/B Water Temp Install Kit - 54031 Mercury Engines, 66549K All Other Engines
- GPS Speedometer Power Harness - 70312
