## CZone Waterproof Keypad (landscape)

Product code: 80-911-0162-00

The CZone Waterproof Keypad range features dimmable RGB circuit backlighting in a robust IPx7 waterproof enclosure and is available in portrait and landscape orientations.

Simplify dashboard installations by removing wiring clutter with a single network cable. Front mount installation with a single 52 mm (2.05 inch) hole saw, or rear mount to achieve a flat mount glass dash style look. The Keypads are shipped with a standard label sheet for personalised circuit labeling.

- · IPx7 submersible.
- · Circuit in operation LEDs with blown fuse fault indication.
- · Dimmable RGB circuit backlighting.
- · Low profile with 3 mounting options front, rear and flush mount.
- Easy hole saw installation with single plug connection.
