

Power cable 16 A - 15 metre 2,5 mm²

Product code: 121160150

A safe and carefree power connection is your ticket to a comfortable and smooth onboard experience during your stay. The 230 V grid is the source to run your appliances and charge the batteries. Mastervolt offers you everything you need for a high quality grid connection, with safety, security and performance given the highest priority.

Practical tips

- Based on the maximum load for onboard power consumption, choose either a 16 A or a 32 A connection.
- For high loads choose multiple parallel connections to the grid.
- Choose the appropriate connection: Standard is an earthed two-pole plug or the more familiar blue CEE three-pole plug.

16 A power cables are supplied in a handy carrying case.

Dimensions, hxbwxd: 36 x 46 x 11 cm.

Product code 121160930.
