# SWA6
## COMBINED BLUETOOTH STEREO SUBWOOFER

Built-in 288W amplifier powers the internal subwoofer and external speakers

Connect smartphones and MP3 players to the subwoofer via Bluetooth or RCA inputs

Connect up to four speakers (sold separately)

*Halo Aerial Technology* provides unrivalled Bluetooth range and signal strength

Tuned port for outstanding subwoofer performance

Electronic Crossover automatically balances speaker and subwoofer for optimum performance

---

## KEY FEATURES

**Bluetooth Audio** Easily stream your favorite tunes direct from your smartphone to the SWA6 with Bluetooth Audio support.

**Halo Aerial Technology** Receive a stronger Bluetooth signal and greater range in all directions over standard Bluetooth with Halo Aerial Technology.

**Tuned Port** provides outstanding subwoofer performance, showcasing your favorite music in all its sonic glory.

**Remote Ready** Connect wired or wireless remote controls for an easier listening experience with the ability view track info and control your SWA6's features.

**Electronic Crossover** Automatically balanced speaker and subwoofer outputs for no-hassle perfect sound quality across across all frequencies.

**288W Amplifier** Built-in 288W Amplifier powers both the internal subwoofer and up to four external speakers (sold separately).

**AUX** Connect devices via stereo RCA cable with variable input gain of 400mv, 2V or 4V available for optimum performance with all devices.
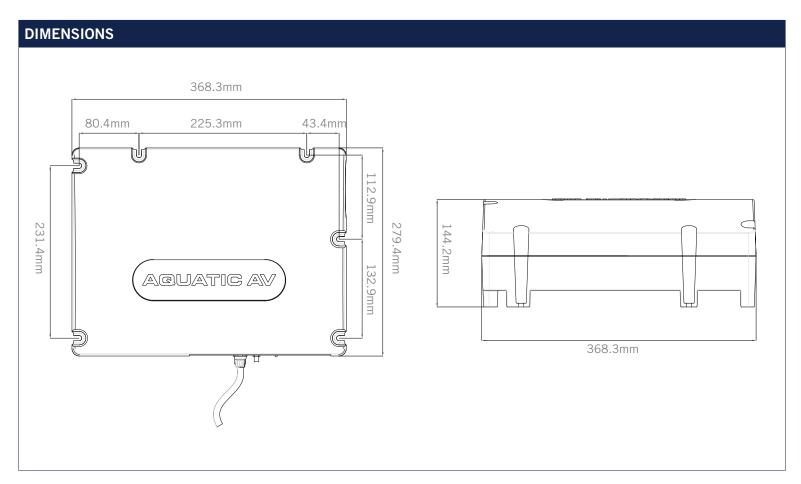

**2 Year Warranty** Aquatic AV products are built to be reliable and durable. The SWA6 comes with a two year warranty that can be extended with product registration.
